

The Venerable Ark of St. Anthony has been operating for over 6 centuries (it was founded on 1396).

*The new Presidency has been in charge since April 2006 and it's responsible for carrying on the work of many laymen who, during the centuries, have voluntarily devoted themselves to the administration of the properties in order to keep and preserve the **Basilica** and its historical and artistic treasures.*

*Every year about 3 million pilgrims visit this stunning Basilica where **St. Anthony's Tomb** lays.*

*Many works are necessary to preserve the **Basilica** and the Anthonian Complex.*

This would be impossible without the support of many benefactors.
